I am considering running for State Representative here in District 1 as an Independent Statesman, not a Politician. I want to represent all residents of District 1, not for a party's agenda. I am willing to work with all representatives no matter what party, providing that they have the best interest of the people, by the people and for the people of New Hampshire. Let's face it, both parties have done wrong. You tell me what legislation needs to be repealed.

- *Let's get the job done to preserve our **No Sales or State Income Tax** status.*
- *Let's hold to the truth of **Live Free or Die**.*
- *Let's defend our 2nd amendment rights under Part First – Bill of Rights, Article 2a of our State Constitution.*
- *Let's repeal the garbage legislation*
- *Let's have **Fiscal Responsibility**.*
- *Let's **STOP** the over Spending.*
- *Let's stop government control.*

"We must not let our rulers load us with perpetual debt." Thomas Jefferson

Last election I did not ask for a single donation. I have most of my signs leftover from last election. I realize that money is very tight for all of us. I want your vote and the cost of one stamp for mailing back the nomination(s). If you fill out a nomination form(s) it will show me there are people out there who want to stop the state from digging into our wallets and stop the legislature in Concord from taking a little more of our rights and liberties away each day they are in session.

Things to do:

- **Sign and mail the enclosed nomination form(s) to PO Box 866, North Conway, NH 03860.** Filling out the nomination form does not change your voting status; it enables my name to be on the ballot for November 2nd.
- Ask your friends and family members to vote and sign a nomination form for me. Forms are also available online at www.danielbacon.net. Click on the HTML or PDF links.
- Make a sign and place in front of your home.
- Hold a meet and greet.

Paid for by Daniel Avery Bacon, PO Box 866, North Conway, NH 03860
